

Tuesday, July 11, 2000

The Fraser Panel met Tuesday July 11 to review the status of the Fraser sockeye migration. Early Stuart sockeye continue to be present in the test fishery in Area 20 and in good numbers at Mission. The Panel therefore approved an upgrade of the Early Stuart run-size to 350,000. The Panel will meet again, July 14, to review Fraser sockeye migration.
