SEASONAL HYDROACOUSTICS POSITIONS

The Hydroacoustics program of the Pacific Salmon Commission is hiring for several temporary fisheries positions during the 2017 summer fishing season from late June to the end of September. These positions will assist the Hydroacoustics program in monitoring upstream passage of Fraser River sockeye and pink salmon based out of a field site in Mission, BC. There are two types of positions available: field technicians and boat operators.

Field Technicians

Duties and Responsibilities

- Processing hydroacoustics data to count fish passage through the lower Fraser River
- Setting-up and maintaining a field site
- Monitoring data collection and performing backups using MS Windows based software
- Assisting with the deployment and monitoring of hydroacoustic equipment
- Operation of a boat on the Fraser River

Qualifications

- Familiarity with fisheries and/or environmental awareness
- Experience using Microsoft Excel and Windows operating systems
- Ability to work shift work, including night shifts
- Comfortable working independently at a field site
- Ability to work on a boat in a riverine environment
- Pleasure Craft Operator Card
- Valid driver's license and your own vehicle to travel to/from the field site at Mission

Boat Operators

Duties and Responsibilities

- Operating a vessel (7m) to collect fisheries sonar data by transecting the Fraser River
- Maintaining and monitoring of data collection equipment
- Backing up data using MS Windows based software
- Maintaining a vessel and troubleshooting problems

Qualifications

- Ability to operate a boat on the Fraser River
- Familiarity with fisheries and/or environmental awareness
- Working knowledge of Microsoft Windows operating systems
- Ability to work shift work, including night shifts
- Comfortable working independently
- Pleasure Craft Operator Card
- Valid driver's license and your own vehicle to travel to/from the field site at Mission

Salaries

Wages will range from \$20.89 to \$24.74 per hour depending on job responsibilities and experience.

Interested applicants should indicate the position(s) they are applying for and e-mail a résumé with cover letter to info@psc.org by May 8th, 2017.
