

Friday, October 12, 2018

The Fraser River Panel met Friday, October 12 to receive an update on the migration of Fraser sockeye and review the status of migration conditions in the Fraser River watershed. At the meeting today, the Fraser River Panel formally adopted a Late-run run size of 4.7 million which decreased from the previous formally adopted run size of 6.0 million and the provisionally adopted run size of 5.0 million with a 50% marine timing of August 17. The total adopted Fraser River sockeye run size is 10.725 million.
