

PSC Seminar Series

COLUMBIA RIVER BASIN SALMON RESTORATION

**October 30, 2024; 2:00-3:30 p.m. Pacific time
Online via Zoom**

The Southern Panel and Coho Technical Committee are pleased to announce a seminar for the PSC family, “Columbia River Basin Salmon Restoration” featuring Tom Iverson (Yakama Nation Fisheries) and Chad Fuller (ONA) on October 30th from 2:00 - 3:30pm (PDT).

This will be the 23rd in a series of virtual ZOOM seminars intended to provide information on environmental change, its effects on salmon across their life cycle, and salmon management from both western and indigenous perspectives. This series will feature noted speakers from the United States and Canada, followed by a facilitated Q & A session.

Registration for live seminars is available only for PSC family members. Each seminar is recorded and made available to the public on the [PSC website](#) and [YouTube channel](#) shortly after the live event.

Please register in advance (free of charge) at:
