

Friday, September 21, 2007

The Fraser River Panel met Wednesday, September 19, 2007.

The run size estimates for Fraser River sockeye and pink salmon were unchanged from those provided in the regulatory announcement on Friday, September 14, 2007.

The Panel announced the following:

**CANADIAN FRASER RIVER PANEL AREA WATERS:**

Remain closed to fishing.

Areas 17 and 18: relinquish regulatory control effective 12:01 a.m., Friday, September 21, 2007.

**UNITED STATES FRASER RIVER PANEL AREA WATERS:**

Areas 6, 6A, 7 and 7A and that portion of Puget Sound Salmon Management and Catch Reporting Area 7A lying westerly of a straight line drawn from the low water range marker in Boundary Bay on the International Boundary through the east tip of Point Roberts in the State of Washington to the East Point Light on Saturna Island in the Province of British Columbia: relinquish regulatory control effective 12:01 a.m., Friday, September 21, 2007.

**TREATY INDIAN FISHERY:**

Remains closed to fishing.

**NON INDIAN FISHERY:**

Remains closed to fishing.

(Note: U. S. Non-Treaty fishers should check the U.S. hotline and WDFW regulations before fishing as there are additional State of Washington regulations, including time restrictions that may be in effect).

This is the final regulatory announcement of the Fraser River Panel in 2007.
